Park Aerospace Corporation Supplier Quality Requirements

PO: 43449

This document defines Park Aerospace Corp. purchasing, shipping and quality requirements imposed upon suppliers and subcontractors upon their acceptance of Park Aerospace Corp. purchase orders.

These requirements apply to Park Aerospace Corp. approved suppliers, unless otherwise specified by contract, for any work performed (either services or products).

Q Number	Description
----------	-------------

Q1	Quality Management System - The supplier shall maintain a Quality System that complies with current revisions of ISO9001/AS9100. Compliance with the provisions of this clause in no way relieves the seller of the final responsibility to furnish acceptable supplies or services as specified herein. The system shall be subject to audit by Park Aerospace Corp. representatives. Seller will notify Park Aerospace Corp. immediately if compliance is disrupted. An integral part of the supplier/subcontractor inspection system shall be the control and accessibility of Quality and Production records.
----	---

Such records shall be:

• All records generated must be retained for a minimum of 10 years from the date of acceptance by Park Aerospace Corp. Unless notified prior to that time the supplier shall contact Park Aerospace Corp. for disposition action to be taken at the end of the 10 year period.

• All records must remain legible at all times.

• Records shall be accessible for on-site review by Park Aerospace Corp. customers, and/or regulatory authorities.

Q2	Certificate of Conformance - A certificate of conformance shall accompany each shipment. The certificate must state that the material supplied meets the applicable specifications, including revision level and requirements.
----	--

Q3	Raw Material Certifications - Chemical and Physical analysis reports shall accompany each shipment, as required.
----	--

Q4	Traceability - Supplier/Subcontractor shall maintain lot and batch control over the raw materials of purchased items, and shall provide positive traceability of manufactured parts of assemblies to raw materials through the use of lot/batch or serial numbers.
----	--

Q5	Test Reports/Data - When a certified material test report for raw materials, or produced items is required it shall include the following:
----	--

a) name/number of the specification which the material is in compliance.

b) lot, batch, or other traceable designation.

c) actual test results or percentage of each element that makes up the chemical or physical properties of the material or item (quantitative test results versus requirements and permissible tolerance for values measured).

d) a statement of conformance to the applicable drawing, specification or PO.

Q Number	Description
Q6	Shelf Life and Temperature Sensitive Materials - Supplier/Subcontractor shall identify all materials, which have definite characteristics of quality degradation with age or environment. The Supplier/Subcontractor shall provide this information with, or directly on the material container or article. This identification shall indicate the date at which the useful life will be expended. When environment is a factor in determining useful life, the identification shall include the storage conditions required to achieve the stated life. A minimum of 75% of the applicable material shelf life shall remain unless stated differently on the purchase order upon receipt of the material, or the material is subject to rejection.
Q7	Material Safety Data Sheets - Materials noted on this PO must be supplied in accordance with the latest revision of OSHA hazard communication standard 29 CFR 1910-1200, OSHA instruction CPL 2-2.38, and WISHA standard 296-62-05413 (Material Safety Data Sheets). Received material not in compliance with the above requirements are subject to immediate rejection and return at supplier's/subcontractor's expense. When applicable, Supplier/Subcontractor shall send to Park Aerospace Corp. a Toxic Substance Control Act (TSCA) certification letter for products purchased on this PO including a statement that all chemical components are listed by the Toxic Substances Control Act Inventory (PL 94-94-969).
Q8	Non-conforming Product - The supplier shall maintain control of nonconforming product discovered at their facility and shall not ship nonconforming product unless previously authorized by Park Aerospace Corp. in writing. Supplier shall immediately notify buyer upon discovery that nonconforming material was shipped to Park Aerospace Corp. without authorization.
Q14	Subcontracting - Subcontracting all or substantially all of the order without written consent of Park Aerospace Corp. Quality Assurance is prohibited.
Q17	Control of Changes - Park Aerospace Corp. shall be notified prior to any change in product, process, equipment, site, supplier or location. Changes require Park Aerospace Corp. approval.
Q18	Supplier/Subcontractor Corrective Action - When requested by Park Aerospace Corp., Supplier/Subcontractor shall provide a statement of corrective action for a failure of suppliers product or quality system. This statement shall be delivered in a format designated by Park Aerospace Corp.. Documentation for rejected articles resubmitted for approval shall reference the Park Aerospace Corp. rejection document.
Q19	Product Identification - Parts, assemblies, components and materials shall be identified as specified on the drawing or PO. The "as built to" configuration, including revision levels of applicable drawings, specifications, standards, etc shall be clearly defined on a Certificate of Conformance accompanying the product. When items are too small to easily identify, they may be bagged and tagged. Raw materials procured to federal, military, aerospace or other specification shall be identified per the requirements of that specification.
Q20	Configuration Management - Supplier/Subcontractor shall produce all parts, assemblies, or other materials in accordance with the requirements of the PO, specifications, customer requirements, and Park Aerospace Corp., Supplier/Subcontractor requirements. All drawings and specifications provided to the Supplier/Subcontractor by Park Aerospace Corp. are considered controlled and proprietary. Supplier/Subcontractor assumes responsibility for these documents and shall comply with PO and Confidentiality Agreement requirements for maintenance, recall or destruction of documents.

Q Number	Description
Q21	Report of Discrepancy - Any variation from drawing, specification or other PO requirements shall be documented by the Supplier/Subcontractor and submitted to Park Aerospace Corp. for consideration and disposition prior to shipping product to Park Aerospace Corp.. A copy of the disposition document must accompany each affected shipment.
Q23	Right of Entry - During performance of this contract, Supplier/Subcontractor quality program or inspection system and manufacturing processes are subject to review, verification and analysis by Park Aerospace Corp., authorized government representative or Park Aerospace Corp. customer. Upon request the contract and all related documents and records shall be made available for review.
Q25	Flow-down to Sub-tier Suppliers - Suppliers/Sub-contractors shall flow down to sub-tier suppliers all applicable requirements in the purchasing documents (including key characteristics). In addition to all previously-defined quality requirements, the Supplier/Subcontractor shall be responsible for any specific quality requirements noted on the P.O. (e.g. source inspection, Approved Process Requirements, Customer-approved sources, etc).
Q26	Employee Awareness and Qualification - Supplier shall ensure that persons producing items sold to Park Aerospace DCorp are aware of (1) their contribution to product conformity, (2) their contribution to product safety and (3) the importance of ethical behavior. Supplier shall also ensure that only qualified personnel are certifying product as conforming. Qualified personnel have documented training and competency records on file.
Q27	Counterfeit Goods - The Supplier shall verify the procurement source and associated certifying paperwork. appropriate inspection and/or test methods shall be used to detect potential counterfeit parts and materials. The Supplier shall flow this requirement down to all sub-tier suppliers to prevent the inadvertent use of counterfeit parts and materials. Documentation must be available that authenticates traceability to the applicable OCM/OEM.
Q28	DPAS Rated Order - When the purchase order identifies the order as DPAS Rated the supplier is required to implement and flow down the priorities and allocations provisions following DPAS regulation (15CFR Part 700).

Park Aerospace Corp. - Purchase Order Terms and Conditions ACCEPTANCE - Acceptance of this Purchase Order must be acknowledged promptly in writing by the supplier (the "Vendor"). In the absence of any written notice to the contrary consented to Park Aerospace Technologies Corp. (the "Purchaser") in writing, the Purchaser will assume the Vendor has accepted the terms and conditions hereof, and the delivery of any articles, goods, materials, equipment or services by the Vendor to the Purchaser shall constitute a full acceptance by the Vendor of this Purchase Order and the terms and conditions herein set forth. The Purchaser will not be responsible for Goods and Services without an approved written order signed by an authorized representative of the Purchaser. Any changes in specifications, shipping dates, routing or other conditions of this contract must be authorized in writing signed by the Purchaser's agent or authorized representative. COMPLETE AGREEMENT - The terms and conditions of this Purchase Order constitute the entire agreement between the parties hereto and shall supersede all previous communications, representations or agreements, either oral or written, between the parties hereto with respect to the subject matter hereof, and no agreement or understanding varying or extending the same will be binding upon either party hereto, unless in writing signed by a duly authorized officer or representative of each party and the conditions hereon shall be and become an integral part of said Purchase Order. CONFLICTING TERMS OR CONDITIONS - Any term or condition contained in any document or form used by the Vendor in submitting a quotation or acknowledging an order or otherwise which would modify, vary, conflict with or contradict any term or condition herein set forth shall be deemed to be null and void and waived by the Vendor. Unless otherwise specifically agreed to in writing by the Purchaser, the terms and conditions herein set forth shall prevail. VARIATION OF TERMS - No variation of the terms of this Purchase Order will be permitted without the Purchaser's written consent. ANNEXED SCHEDULES - Any schedules, riders and/or exhibits which may be annexed hereto or stamped hereon by the Purchaser are made part of this order, to which the Vendor agrees by the acceptance of this order. PACKING AND CRATING - No charge shall be made for packing, crating, drayage or storage unless expressly incorporated in this Purchase Order. The Purchaser's count will be accepted by the Vendor as final and conclusive on any shipment sent by the Vendor which is not accompanied by a packing slip. DELAYS - The Purchaser's production schedules are based upon the agreement that Goods and Services will be delivered to the Purchaser by the date specified on the face of this Purchase Order. If such Goods and Services are not delivered on a timely basis, the Purchaser thereby may be subject to consequential damages including damage claims made by its customers. Therefore, time is of the essence in the performance of this Purchase Order. If deliveries are not made at the time agreed upon, the Purchaser reserves the right to terminate this Purchase Order, or such part or parts thereof as to which there has been delay, or to purchase elsewhere, and in addition, the Vendor shall be liable to the Purchaser for all consequential damages incurred on account of the Vendor's failure to meet the agreed delivery schedule. NON-WAIVER - Failure of the Purchaser to insist upon strict performance of any of the terms and conditions herein shall not be deemed a waiver of any rights or remedies that the Purchaser shall have and shall not be deemed a waiver of any subsequent default of the terms and conditions hereof. The shipping or receiving of any Goods and Services under this Purchase Order shall not be deemed or be a waiver of any right for any prior failure by the Vendor to comply with any of the provisions of this Purchase Order. SECRECY - The Vendor agrees to be responsible for all matters within its control for the safeguarding of all secret, confidential or restricted matters that may be disclosed or that may be developed in furnishing the Goods and Services covered by this Purchase Order and to require a similar agreement of all others who may perform work relating to this Purchase Order. The Vendor acknowledges and agrees, on behalf of itself and all others who may perform work relating to this Purchase Order, that the Purchaser has no adequate remedy at law in the event that such secret, confidential, or restricted matters are disclosed. Because the Purchaser has no adequate remedy at law in the event of such disclosure, the Vendor agrees on behalf of itself and all others who may perform work relating to this Purchase Order, that an injunction may issue to prohibit such continued disclosures in the event that such disclosure occurs. NO ASSIGNMENTS - This Purchase Order shall not be assigned in part or in whole without the prior written consent of the Purchaser INFRINGEMENT - The Vendor warrants that the Goods and Services described herein, and the sale or use of them, will not infringe on any U.S. or foreign patent and the Vendor covenants that it will defend at its own cost and expense every action which may be brought against the Purchaser or those selling or using the Purchaser's product for any alleged infringement of any patent by reason of the sale or use of such Goods and Services. The Vendor agrees to save the Purchaser entirely harmless from, and to pay, all costs (including reasonable attorney's fees), damages, fines and profits incurred, payable or recoverable in any such action. COMPLIANCE - The Vendor agrees to comply with all laws and regulations affecting this Purchase Order in any manner, including laws prohibiting human trafficking in the supply chain, and agrees to execute further stipulations which may be necessary to effect such compliance. All laws and regulations required to be incorporated in contracts of this character are hereby incorporated by reference. All laws pertaining to government procurement , including, but not limited to, Federal Acquisition Regulations, Defense Federal Acquisition Regulations and all laws pertaining to equal opportunity, slave labor and child labor, to the extent such provisions are required to be applied to suppliers, shall be part of these Terms and Conditions in the event of a purchase in connection with a government procurement contract. Vendor shall promptly advise Purchaser if Vendor, its suppliers or their respective principals is debarred, suspended or proposed to be debarred or suspended from government procurement. The Purchaser and its customers shall have the right to audit the Vendor's compliance with all applicable laws and regulations. WARRANTIES - The Vendor warrants all Goods and Services delivered hereunder to be free from defect of material or workmanship, to be merchantable and to conform strictly to the specifications, drawings, or samples specified or furnished by the Purchaser. This warranty shall survive any inspection, delivery or acceptance by the Purchaser for the Goods and Services. The Vendor shall save the Purchaser entirely harmless, pay all costs (including reasonable attorney's fees), damages, fines and penalties incurred, payable or recoverable as a result of the Vendor's failure to comply with the warranties set forth herein.	EXTRA CHARGES - No additional charges of any kind will be allowed unless specifically agreed to in writing in advance by the Purchaser. INSPECTION - All Goods and Services and workmanship shall be subject to inspection and test by the Purchaser at the plant of the Vendor and/or of the Purchaser. Final inspection shall be in the Purchaser's premises unless otherwise agreed in writing. The Purchaser reserves the right to reject any Goods and Services which contain defective material or workmanship or fail to conform strictly to specifications, drawings, or samples specified or furnished by the Purchaser. Rejected Goods and Services shall be removed at the expense of the Vendor, including transportation and handling costs, promptly after notification of rejection and the Vendor shall bear all risk of rejected Goods and Services. The receipt or acceptance of any Goods and Services by the Purchaser, or any of its representatives, is not a waiver of the Purchaser's right to inspect, test, and/or reject Goods and Services. The Purchaser may reject any Goods and Services as defective, non-conforming, or otherwise not as warranted by notifying the Vendor of such rejection within 10 days after receipt of such Goods and Services. MATERIALS - In the event the Purchaser furnishes materials to the Vendor, the Vendor agrees to dispose of all such materials, including any scrap, in accordance with directions of the Purchaser. INSURANCE - During the performance of any labor hereunder, the Vendor shall effect and maintain Worker's Compensation Insurance and Public Liability and Property Damage insurance, and in the event of the performance of any labor hereunder by any subcontractor the subcontractor shall maintain like insurance and the Vendor shall maintain adequate Contingent Liability Insurance. All such insurance shall be in a form satisfactory to the Purchaser, and the Vendor shall, before the performance of any labor and if required at any other time, furnish the Purchaser with satisfactory evidence of such insurance. AUDIT AND INSPECTION - The Vendor agrees that the books and records of the Vendor shall at all times be open to inspection and audit by the Purchaser on all orders billed on a time and material basis. CHANGES - The Purchaser reserves the right to make, from time to time, changes as to drawings, specifications, designs, packing, destinations, and delivery schedules. If such changes cause any increase or decrease in the amount due or in the time required for performance, an equitable adjustment in price or other terms hereof shall be agreed upon in a written amendment to this Purchase Order. Any claim for adjustment under this provision must be asserted in writing within ten (10) days from the date such change is ordered. LAW GOVERNING - This Purchase Order is to be governed by and construed according to the laws of the State in which the Purchaser is located. TERMINATION - Upon the happening of any one or more of the following events, the Purchaser shall forthwith have the unrestricted right to cancel and terminate this Purchase Order; a) The Vendor's insolvency or the commission of an act of bankruptcy; b) Filing of voluntary or involuntary petition of Bankruptcy by or against the Vendor; c) Institution of legal proceedings against the Vendor by creditors or stockholders; d) Appointment of a receiver for the Vendor by any court of competent jurisdiction; e) Any actual or purported assignment or delegation of this Purchase Order without the prior written consent of the Purchaser; or f) If, at any time, in the sole judgment of the Purchaser, the Vendor's condition shall be such as to endanger its performance hereunder. The acceptance of Goods and Services after the occurrence or any of the events here enumerated shall not affect the right of the Purchaser to cancel this Purchase Order. The Vendor further acknowledges that it will not use, destroy or mutilate canceled inventory of the Purchaser unless upon written agreement from the Purchaser and will make disposition in accordance with directions of the Purchaser. PURCHASER'S PROPERTY - All materials, including tools, special dies and patterns, furnished or specifically paid for by the Purchaser shall be the property of the Purchaser, shall be subject to removal at any time, without additional cost upon demand by the Purchaser, shall be used only in filling orders from the Purchaser, shall be kept separate from other materials or tools and shall be clearly identified as the property of the Purchaser. The Vendor assumes all liability for loss or damage, with the exception of normal wear and tear, to such property. The vendor shall supply a detailed inventory statement upon request by the Purchaser. PRICING - The Vendor, in accepting this order agrees that in the event that the prices set forth in this Purchase Order are in violation of any law, or in violation of the price fixed by any administration, bureau etc. having authority to fix prices, such price or prices shall be adjusted to meet such legal requirements. JURISDICTION - The Vendor hereby agrees that any dispute involving any of the terms of this Purchase Order may be litigated only in the courts located in the State in which the Purchaser is located. By accepting this Purchase Order, the Vendor agrees to jurisdiction and venue in such State, only for the purpose of resolving any such dispute. MISCELLANEOUS - The Purchaser shall not be liable to the Vendor in any manner whatsoever in the event the Purchaser is unable to accept the items ordered hereunder on account of fire, strikes, flood or other or different causes beyond the Purchaser's control. The Vendor shall not, in any manner, advertise or publish that the Vendor has contracted to furnish the Purchaser Goods and Services mentioned in this Purchase Order without the prior written authorization of the Purchaser. Unless otherwise stated, all necessary facilities, tools, gauges, fixtures, etc. required to execute this Purchase Order are to be supplied by the Vendor. Any clerical errors contained in this Purchase Order are subject to correction.
---	--

This contractor and subcontractor shall abide by the requirements of 41 CFR       60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.
