BRADY WORLDWIDE PURCHASE ORDER TERMS AND CONDITIONS

1. **ACCEPTANCE.** This purchase order ("Order") shall be deemed accepted by Seller's commencement of performance, provision of services, shipment of products ("Services" and "Products"), whichever occurs first, and constitutes acceptance of this Order and its terms and conditions (the "Acceptance Date"). This Order constitutes the entire agreement between BRADY WORLDWIDE, Inc. ("Buyer") and Seller and it supersedes all prior or contemporaneous agreements and communications whether oral or written regarding its subject matter, including, without limitation, quotations, proposals, or bids and hereby objects to any terms proposed by Seller in Seller's quotation, acceptance or acknowledgment of Buyer's offer which add to, vary from, or conflict with these terms. Any such proposed terms shall not operate as a rejection of this offer but are deemed a material alteration, and this offer shall be deemed accepted by the Seller without said additional, different or conflicting terms. If this Order is deemed under applicable law to be an acceptance of a prior offer by Seller, such acceptance is limited to and expressly conditioned on Seller's assent to the terms contained within this Order.

2. **PRICE.** The price of the Products or Services shall be as indicated on the face of this Order (the "Price"). The Price is inclusive of all of Seller's costs (including labeling, packaging, taxes, duties, insurance and handling).

3. **INVOICING.** Unless otherwise instructed by Buyer in writing, Seller will invoice Buyer upon Buyer's receipt of the Products or completion of Seller's performance, whichever occurs later. Buyer objects to any terms or conditions referred to or attached to Seller's invoices. Such terms and conditions shall be of no force or effect, and Buyer's payment of the invoice shall be made only in accordance with the terms of this Order and shall not be deemed an acceptance of any such terms and conditions. Upon request from Buyer, Seller will invoice and accept payment in other currencies at prevailing currency exchange rates. Seller shall separately state on each applicable invoice (and not include them in the Price) any import duties or sales, use, value added, excise or similar tax. Payment is due net forty five (45) calendar days from the date of Buyer's receipt of Products, or from the date Buyer receives an invoice, whichever occurs latest. If there is a dispute that is not resolved within that period, payment will be due ten (10) calendar days after the dispute is resolved and a corrected invoice is received.

4. **CONFIDENTIAL AND PROPRIETARY INFORMATION.** Confidential Information ("CI") means confidential or proprietary data or information disclosed by Buyer to Seller in oral or written form. Seller will: (i) maintain the confidentiality of Buyer's CI and not disclose it to a third party; (ii) restrict disclosure of CI only to its employees and third party contractors who have a "need to know" in order to perform its obligations under this Order, and who are bound to maintain the confidentiality of the CI by terms of nondisclosure no less restrictive than those contained herein; (iii) handle CI with the highest degree of care; (iv) use CI only for the purpose of performing this Order; and (v) promptly notify Buyer upon discovery of any unauthorized use or disclosure of the CI and take all necessary steps to regain possession of the CI and prevent further unauthorized actions. Upon receipt of Buyer's written request, Seller will return to Buyer all CI disclosed by Buyer, along with all copies and portions thereof. Seller will not export or re-export, directly or indirectly, any of Buyer's CI or Products to any country for which any applicable government, at the time of export or re-export, requires an export license or other governmental approval, without first obtaining the license or approval. Seller's obligation to keep confidential and restrict the use of Buyer's CI will survive five (5) years from the termination of this Order.

5. **OWNERSHIP.** Seller shall provide all labor, materials, tools, equipment, personnel, supervision, and facilities necessary to provide the Products or Services. All tools, equipment, dies, gauges, models, drawings, or other materials paid for or furnished by Buyer to Seller ("Property") are, and will remain, the sole property of Buyer. Buyer will retain ownership of all specifications for the Products and Services ("Specifications") provided by Buyer to Seller, including all modifications or enhancements made by Seller to such Specifications. Additionally, Seller agrees that all materials in whatever form prepared or produced by Seller under this Order ("Work Product") shall be considered a "work made for hire" under the copyright laws of the United States and are assigned to and shall become the sole property of Buyer. At Buyer's request and expense, Seller shall execute all papers and provide reasonable assistance to Buyer necessary to vest ownership in Buyer of all such Work Product and modifications or enhancements to Specifications and to enable Buyer to obtain Intellectual Property Rights in any such Work Product, and modifications or enhancements to Specifications. "Intellectual Property Rights" shall mean any and all copyrights, trademarks, maskworks, patents, or rights relating to innovations, know-how, trade secrets and CI (technical, and non-technical) that exist as of the Acceptance Date or hereafter come into existence, and all renewals and extensions of the foregoing, regardless of whether or not such rights have been registered with the appropriate authorities in such jurisdiction. Seller's obligations in this Article 5 will survive the termination of this Order.

6. **PERFORMANCE.** Seller must perform its obligations under this Order in strict accordance with the terms and conditions of all applicable schedules or specifications, drawings, documentation. Seller will safeguard all Property: (i) while it is in Seller's custody and control; (ii) be liable for any loss or damage to the Property; (iii) keep the Property free from all liens or charges of any type; (iv) use the Property only for Buyer Products; and (v) return the Property to Buyer upon request. Seller agrees to waive and hereby does waive any lien it may have in regard to the Property. At Buyer's request, Seller will provide Buyer information about, and participate in regular meetings with Buyer to discuss, the status of outstanding deliverables, and any actual or potential issues that may arise related to Seller's performance under this Order. Seller may not sell, recycle or otherwise dispose of excess, obsolete, scrap, WIP, raw materials, or finished Products associated with this Order without Buyer's permission. Seller will maintain all records related to the Products and this Order, as required by this Order, law, rule, or regulation.

7. **WARRANTIES.** Seller expressly represents and warrants that the Products and Services shall: (i) for a period of 60 months from the date of receipt by Buyer, be merchantable, free from defects in design, material and workmanship, of the highest quality, and shall conform to the terms and conditions of all applicable schedules or specifications, drawings, documentation, Buyer test and quality standards, and industry standards; (ii) be fit and safe for the purpose intended by Buyer; (iii) be wholly new; (iv) Seller has good and warrantable title to the Products; (v) Seller has no knowledge that the Products or Services infringe, misappropriate, or otherwise make unauthorized use of any Intellectual Property Rights; (vi) be appropriately labeled and packaged; (vii) Seller has obtained all necessary approvals, consents and authorizations to enter into, perform and carry out its obligations under this Order. In addition to the foregoing warranties, Seller provides and Buyer is entitled to all warranties that arise by implication or operation of law, and Seller shall extend all warranties it receives from its vendors to Buyer. All warranties run to Buyer, and through Buyer, to its customers. All warranties survive any inspection, acceptance, payment, or resale by Buyer. Buyer, Buyer's customer, and any appropriate regulatory agency may, upon reasonable advanced notice, inspect Seller's facilities, equipment, materials, records, and the Products, and may audit for compliance. This requirement applies to any level of the Seller's supply chain involved in this Order. Upon the fulfillment, expiration or termination of this Order, at Buyer's request, Seller will transfer all records to Buyer, but retain a copy of any records required to be kept by law, subject at all times to applicable confidentiality obligations.

8. **REMEDIES.** In addition to remedies provided herein and available at law or in equity, if Seller defaults or breaches its obligations under any this Order, Seller shall and at its sole expense, and at Buyer's option: re-perform, repair, or replace the affected Products, or provide a refund for the affected Products; expedite late deliveries and performance; pay for all related costs, including, without limitation, inspection, sorting inventories to isolate affected Products, reworking, retesting, storage, shipping, repackaging, removal, re-installation, expediting, and replacing the Products; pay to Buyer all costs of investigating, recovering, recalling, repairing or replacing products that incorporate or are otherwise potentially impacted by the affected Products; pay all other costs, charges, fines, penalties, or damages incurred by Buyer or its customers related to the affected Products. In addition, Seller shall be liable for all direct, indirect, incidental and consequential harm to Buyer and its customers arising from any breach of this Order, including, without limitation, all costs, damages, losses and expenses incurred by Buyer or its customers ("Damages"). Damages include without limitation, the cost to procure replacement goods, all costs of repair, inspection, storage, shipping, reinstallation, expediting, product recalls, stop of line, plant closures, lost profits, damage to goodwill and reputation, customer concessions or penalties, and any injury to person or property. In addition, Buyer may cancel this and any Order without liability of any kind, including but not limited to liability for raw materials, WIP, or finished Products Seller may have for the Order. Seller further agrees that Buyer's rights and remedies, including, without limitation, the total amount of Damages Buyer may recover, the types of Damages Buyer may recover, and the time in which Buyer must assert a claim or file a lawsuit, shall not be reduced in any way.

9. **TERMINATION.** Buyer may terminate all or any part of this Order immediately at any time for its convenience, without liability to Seller, by delivering written notice to Seller. Failure to comply with any provision of this Order or to provide reasonable assurances of future performance if requested, appointment of a receiver, or an assignee for the benefit of creditors, insolvency or inability to pay debts as they become due, except as may be prohibited by applicable bankruptcy laws, shall entitle Buyer to terminate this Order without liability. In such event, Buyer shall be entitled to seek any or all remedies provided in this Order or at law or in equity. Upon Acceptance, Seller may not revoke its acceptance or otherwise refuse to fully perform its obligations under this Order. The representations, warranties, indemnities and other obligations that explicitly survive, or by their nature or context are intended to survive, termination of this Order shall survive.

10. **INDEMNIFICATION.** Seller hereby agrees to indemnify, hold harmless and fully defend Buyer and all of its affiliates, customers, officers, directors, employees, contractors, and agents ("Indemnified Parties") from and against any and all claims, damages, expenses, suits, losses, or liabilities of any type, under any theory of liability or recovery, ("Claims") arising from or related to any death, injury, or property damage caused by acts or omissions of the Seller, its officers, directors, employees, contractors, or agents ("Indemnifying Parties") arising from or connected with the performance of this Order, Seller's or Seller's contractors', representatives' or agents' acts or omissions under this Order, including without limitation the delivery of Products and Services that are defective, non-conforming, or that otherwise fail to comply with Seller's warranties as set forth in this Order, or any actual or claimed infringement or misappropriation of any Intellectual Property Rights. Seller will reimburse the Indemnified Parties for all losses, costs, and expenses incurred as a result of such Claims, including court costs and attorneys fees. In the case of a Claim of infringement of Intellectual Property Rights, if the use of any portion of the Products provided hereunder is enjoined as a result of any suit, then Seller, at no expense to Buyer and its customers, will either procure the right for Buyer and its customers to continue using the Products or replace or modify the Products so that they become non-infringing and are of equivalent or superior functionality as determined by Buyer in its sole discretion. If neither of the foregoing alternatives is available Buyer may return all or any part of the Products, at Buyer's sole option, for a full refund of the total amounts paid for the Products and assert all other remedies available to Buyer under this Order or under controlling law. Seller agrees that its obligations as set forth in this Article 10 will survive the termination of this Order. Seller will not enter into any settlement order that affects any Indemnified Parties without Buyer's prior written consent. Buyer shall not have an obligation to indemnify Seller under any circumstances.

11. **CHANGES.** Seller will not make changes to custom Products or to the manufacturing, testing, or quality processes, the bill of materials, materials, design, tools, sources of raw materials, or to locations used to manufacture, assemble, or package the custom Products without Buyer's prior written

12. **INSPECTION AND QUALITY.** Payment for the Products and Services shall not constitute acceptance. Products and Services shall only be deemed accepted when they have actually been found to be in conformance with this Order. Seller promptly will issue a return material authorization ("RMA") to Buyer for non-conforming Products. Title to Products designated for return by Buyer will immediately revert to Seller. Neither Seller's failure to issue an RMA nor Buyer's return of nonconforming Products will affect Buyer's other rights and remedies under this Order or applicable law, including, without limitation, the right to reject or revoke acceptance of non-conforming Products. Seller will pay all freight expenses for return of non-conforming Products. Any failure to fully comply with specifications, Buyer's test and quality standards or processes, meet applicable industry quality and performance standards, comply with applicable legal/regulatory requirements, and provide goods or services that are merchantable and fit for the purpose intended by Buyer shall constitute a material breach of Seller's obligations under this Order. Seller shall provide written notification to Buyer when a nonconformance is determined to exist, or is suspected to exist, on product already delivered to Buyer.

13. **DELIVERY AND SHIPMENT.** All Products shall be packed and shipped in accordance with this Order or provided by Buyer. **TIME IS OF THE ESSENCE ON THIS ORDER.** If Seller fails to timely perform or deliver, Seller shall reimburse Buyer, at Buyer's option, for a) all Damages incurred by Buyer as a result of late delivery or performance, or b) liquidated damages in the amount of 1% of the price of the delayed delivery or performance for each calendar day of delay, computed from the due date without grace period. In addition, Buyer shall be entitled to terminate, without liability, this Order as to Products not yet shipped or Services not yet rendered, by written notice effective upon receipt by Seller and purchase substitute Products or Services elsewhere and charge Seller any Damages incurred. If in order to comply with Buyer's required delivery date it becomes necessary to expedite this Order, Seller shall pay all costs of expediting. Seller shall provide evidence that it has procured the required insurance if Buyer asks for such evidence. Buyer's failure to ask for such evidence or Seller's failure to provide it shall in no way limit or waive Seller's obligations to procure insurance. Nothing contained in these insurance requirements will be deemed to limit or expand the scope, application and/or limits of the coverage afforded, which coverage will apply to each insured to the full extent provided by the terms and conditions of the policies.
